

What our pupils say about Computing:

Year 6:

“We work in groups or pairs or as a whole class.”

“We enjoy learning as it is fun and we learn new things all the time.”

“We learned about coding in Year 2 by using the Scratch programme.”

“We have learned about how to animate characters – this is fun.”

“We used the Scratch programme in Year 2 – this is more challenging.”

“In Year 5 we had a moving image of Newton and the apple which had to fall to show how gravity works.”

“Online safety means not to share personal information as it can be misused.”

“Sir offers hints not just giving us the answer”

“We learn new skills”

“It’s fun and different”

“Could help us with jobs when we are older”

“Sir wants us to be independent.”

- I like using the fun things on purplemash
- I like learning new things
- I can move characters on screen
- I like coding it is fun

“Purple Mash helps me”

“Coding can be confusing but I am learning”

“I wish we did computing more”

Year 5:

“it’s fun and I like the challenge”

“I can make digital programmes”

“I learn new things and skills”

“I enjoy it”

“I like coding”

“Purple Mash is fun, we can play together”

“I like technology”

“we learn new skills”

“challenging but fun”

“We use different parts of coding in different year groups

“we can do Computing at home as well”

“I like using chrome books”

“We can play with our friends on PM”

“There’s lots of fun things on the St Edward’s website”

“We have a safer internet day every year”

Year 4:

“We learn stuff we don’t know”

“I like that it isn’t in books”

“I like doing art on computers”

“I can make characters and instruct them to move in different ways”

“We learn lots of new things”

“We enjoy coding as we can make things move on the screen”

“I like doing the different challenges on Purple Mash”

“I can make my own programme”

“I get lots of new skills”

“I wish we could do computing every day”

Year 3:

“Purple mash is fun”

“I like that I can experiment”

“I like to learn new things”

“I can use lots of games and it also helps me with my other subjects”

“I like using the chrome books in my lessons”

“I like recording things on purple mash”

“I would like to do more computing”

“We learned about coding in Year 2”

“I like playing games”

“Chromebooks are great”

“I can create my own projects.”

“Purple mash is fun but can also be good for learning”

“It’s a good change from writing in our books”

Year 2:

“I like the Coding challenges”

“There are fun activities on our school programme”

“I like giving the computer instructions”

“Last week we moved a rabbit and now we are making a race on the screen”

“Computing will help us when we are older”

“I like learning new things like making moving pictures on the screen”

“I like coding it is fun”

Year 1:

“I like the computer room”

“I love the purple mash games”

“I like what we are doing today with the houses on the screen”

“I like using technology”
