Impact

English is tracked through termly assessments and interventions determined through GAP analyses meetings and pupil progress meetings.

As an inclusive school, we recognise the need to tailor our approach to support children with Special Educational Needs as well as those who would benefit from further challenge.

Appropriate arrangements are made by the class teacher to accommodate any specific special needs that a pupil may have, thus enabling them to participate in English activities at their level. The class teacher and support staff will identify pupils who show a particular talent for English and appropriate challenge is provided for them.
